

Features

- Top quality Udor diaphragm pump
- Self prime with auto reprime feature
- Large capacity oil bath in crankcase
- Multiple diaphragm design
- Honda petrol or Yanmar diesel options
- Heavy duty frame with four big 13” pneumatic tyres or skid mounted

Petrol Drive

Model	No of diaphr.	Flow (l/min)	Pump Pressure	Engine	HP	Regulator
SMKAP40/GX160	2	40	20 bar (284psi)	Honda GX160	6.5	2-way outlet, gauge, by-pass
SMKAP75/GX270	3	73	40 bar (568psi)	Honda GX270	9	3-way outlet, gauge, by-pass
SMKAP125/GX390	5	125	40 bar (568psi)	Honda GX390	13	3-way outlet, gauge, by-pass
SMKAP150	5	150	40 bar (568psi)	Honda GX620	20	3-way outlet, gauge, by-pass
SMKAP150 PLUS	5	150	50 bar (710psi)	Vanguard	27	3-way outlet, gauge, by-pass

Diesel Drive

Note: Pressure & flow figures are expressed as pump maximum. Horsepower limitations may affect pressure/flow combinations

Model	No of diaphr.	Flow (l/min)	Pump Pressure	Engine	HP	Regulator
SMKAP40 YDE	2	40	20 bar (284psi)	Yanmar L48	4.8	2-way outlet, gauge, by-pass
SMKAP75 YDE	3	73	40bar (568psi)	Yanmar L100E	10	3-way outlet, gauge, by-pass
SMKAP75 KDE	3	73	40bar (568psi)	Kubota OC95E	9.5	3-way outlet, gauge, by-pass
SMKAP125 YDE	5	125	40bar (568psi)	Yanmar L100E	10	3-way outlet, gauge, by-pass
SMKAP150 HDE	5	150	40bar (568psi)	Hatz	20	3-way outlet, gauge, by-pass
SMKAP150 PLUS HDE	5	150	50bar (710psi)	Hatz	27	3-way outlet, gauge, by-pass

Accessories

- Turbo 400 gun (Unifire nozzle gun with SMKAP125)
- 10 metres delivery hose
- 3 metres suction hose

Product Description:

These units use Italian Udor diaphragm pumps that offer a combination of both high flow and volume that make them ideal for “wash and flush” applications like washing down muddy plant or washing livestock effluent from sheds or stock transporters.

Applications:

- Chicken shed cleaning
- Sale yard wash down
- Machinery wash down

Benefits

- Reliable even for difficult high pressure applications
- Fast and easy to prime
- Cool running, reliable
- Smooth running
- Large service network through the region
- For manoeuvrability

Optional Accessories

- 30 metres of single wire braid, hp delivery hose on heavy duty galvanised reel with mounting brackets
- Application kit (Turbo gun, 30m x 10mm chemical hose, injection valve & hose)

Due to our program of continuous product development the manufacturer reserves the right to alter specifications without notice.
