

Product Description:

A 200 litre wet/dry drum vac that gives you the suction and capacity needed for workshop cleanup.

The powerful vac has three motors and comes complete with a standard 200 litre steel drum. Machines are supplied with an inbuilt float tank protecting motor from ingress of water for wet applications.

Heavy duty, reusable Microweb 99.9% filtration cloth filter is supplied as standard equipment making these units ideal for asthma, allergy sufferers or suitable for cleaning of fine dust particles such as limestone, lead, sugar, cement, fertilizers etc.

Applications:

- Large warehouses & factories
- School/college workshops
- Council workshops
- Woodwork & Metalwork workshops
- Industrial cleanup
- Produce packing cleanup
- Building sites

Features :

- Three 1200 watt, heavy duty bypass motors
- Heavy duty steel collar
- Adapts to standard 200 litre drums
- Wet/dry suction
- Huge air flow
- 200 litre drum supplied with kit
- Heavy duty professional accessories
- Option of both 50mm and 90mm jumbo accessories

Benefits :

- Powerful suction for effective cleaning
- Provides seal with drum
- Versatility of exchanging drums quickly
- Ideal for spillages
- Faster cleanup and larger materials handled
- Large holding capacity
- Durable and versatile
- Increases the size of materials handled (even coke cans)

Model	Capacity (litres)	Motor	Water Lift (head) mm	Air Flow (m ³ /h)	Air Flow (l/s)	Weight (kg)	Dimensions (l x w x h) mm
Standard Clean Air Drum Vac	200	3 x 1200w 240v bypass	2600 (255bar)	645	181	63	600x600x1500
Jumbo Clean Air Drum Vac	200	3 x 1200w 240v bypass	2600 (255bar)	645	181	63	600x600x1500
