

# AUSSIE ECO CLEAN DOMESTIC SYTLE COLD WATER BLASTER

Model Numbers: **Concept F140**

This machine is ideal for light commercial clean-up, and for domestic users looking for a commercial grade machine that is cost effective and reliable. Weighing in at 29 kilos, this is not a lightweight, disposable machine but a unit that will perform and impress.

With an effective working pressure of 3,000 psi when used with the Turbomaster lance, this machine has a brass pump head to give lasting performance.

Only a 10 amp supply is needed due to the efficient heavy duty induction motor. Using high pressure to clean reduces the amount of water required.

### Applications:

- Clean up around the home
- Car washing
- Patio cleaning
- Washing down gutters
- Drain clearing

### Specifications:

Model	Pump Pressure	EWP Pressure with Turbo Master	Flow rate (lpm)	Engine	Pump rpm	Weight (kg)	Dimensions (mm)
Concept F140	140 bar 2000 psi	190 bar 3000 psi	9	2.2 kW Induction motor	2800	29	350 x 430 x 930

NB: EWP (Effective Working Pressure) figures mentioned are theoretical only when machine is used with a turbo lance

### Features:

- Big 9 litres per minute flow.
- 2,000 psi pressure ... real power.
- 3,000 psi effective working pressure with Aussie Turbo Master turbo lance.
- FREE Aussie Turbo Master turbo lance.
- Heavy duty, high density polypropylene chassis with 5L detergent tank & moulded tool holder
- 2.2kW induction motor with thermal protection
- Brass pump with stainless steel pistons.
- Pro gun with Vario lance
- Rubber wire braid professional HP hose.
- Total Stop protection ... machine only runs when trigger pulled.
- Heavy duty trolley.
- Integrated detergent injection standard.
- Easy start valve ... unloads for longer machine life.
- Weighs in at 29 kilos, a real heavyweight!

### Benefits:

- » Water efficient cleaning
- » Superior performance and outstanding pump life
- » Maximizes pressure of machine for increased effectiveness
- » Durable, user friendly with excellent mobility
- » More efficient motor - only 10amp plug required
- » Superior performance and outstanding pump life
- » Professional accessories for ease of use and effectiveness, adjustable pressure
- » Resists abrasion and accidental damage
- » Automatic shutdown of machine protecting against low water supply and excessive bypass operation
- » Great mobility
- » Convenient to use
- » Easy to use
- » Designed to withstand regular use
