

AUSSIE ECO CLEAN ELECTRIC BLASTERS

Model Numbers: **Monsoon 100,** **Monsoon 100HR**
Monsoon 140, **Monsoon 140HR**

Model shown: Monsoon 100

Product Description:

Professional 240 volt, 4 pole, 1450 rpm slow speed, cold water high pressure cleaning machines. Rugged machines made for tough Australian cleaning applications with the ease of standard 240 volt supply.

Applications:

Professional cleaning applications such as:

- Schools
- Automotive/Car Yards/Car Detailers
- Agriculture
- Construction
- Transport
- Council Depots
- Concrete and Machinery cleaning
- Light industrial

| Model | Pump Pressure (psi) | Pump model | EWP Pressure with turbo lance (psi) | Flow rate (lpm) | Engine/Motor | Pump rpm | Weight (kg) | Dimensions (mm) |
|-----------------------|---------------------|------------|-------------------------------------|-----------------|-----------------|----------|-------------|-----------------|
| Monsoon 100 | 1500 | WEL744 | 2600 | 11 | 3HP 2.2kW, IP56 | 1450 | 45 | 700x500x900 |
| Monsoon 140 | 2000 | WEL733 | 3400 | 9 | 3HP 2.2kW, IP56 | 1450 | 45 | 700x500x900 |
| Monsoon 100HR* | 1500 | WEL744 | 2600 | 11 | 3HP 2.2kW, IP56 | 1450 | 50 | 700x500x900 |
| Monsoon 140HR* | 2000 | WEL733 | 3400 | 9 | 3HP 2.2kW, IP56 | 1450 | 50 | 700x500x900 |

* HR model complete with high pressure hose reel and 15 metre extension hose. Standard model has 8 metre hose.
 NB: EWP figures theoretical only

Features

- “Big Bert” Bertolini pump with brass pump head, stainless steel valves, double seal system, ceramic pistons and over-sized roller bearings
- IP56 4 pole electric motor
- Powder coated rugged steel roll over frame, 10” pneumatic tyres
- Heavy duty on/off switch
- 10 amp plug supplied as standard
- Thermal dump valve for over-heating protection (ASP Safety System)* **Exceeds Australian Standards***

Standard Accessories:

- 3200 psi rated trigger gun with extension & quick coupler
- Vario zoom lance with spray angle variation and detergent injection
- Heavy duty 5/16” wire braid high pressure hose with quick coupler—8 metres (15 metres on hose reel model)

Benefits

- Long trouble free Pump life
- Offers unit electrical protection from excessive amps and heat
- Easy to manoeuvre over rough ground
- Prevents ingress of foreign matter to motor
- Protects pump from by pass over heating

Optional Accessories:

- Aussie Turbomaster lance
- Grit blast kits
- Foaming lances
- Extension lances
- Rotary floor cleaners
- Hose extensions
- High pressure hose swivels
- Drain cleaning nozzle kits
- Additional Hose lengths and Hose Reels
