

AUSSIE ECO CLEAN PETROL DRIVE COLD WATER BLASTERS

Model Numbers: **BB350**
BB351
BB400

BB ULTRA
PREDATOR PLUS
PYTHON
RAPTOR

Model shown: BB400

Product Description:

These engine powered cold water blasters have been designed to provide cleaning professionals with units built tough for Australian conditions. Engine drive makes them mobile and removes the problems of locating a suitable electric source.

Powerful "Big Berty" Bertolini pumps provide pressures from 3,000 to 7,300 psi combined with heavy duty, reliable engines.

Applications:

- Contract cleaning
- Construction
- Mine site cleaning
- Machinery wash down
- Graffiti removal

Specifications:

Model	Pump Pressure (psi)	Pump Model	EWP Pressure with turbo lance (psi)	Flow rate (lpm)	Engine/Motor	Pump rpm	Weight (kg)	Dimensions (mm)
BB350*	3000	TTV2015	4785	15	Honda 13HP	1450	90	950x700x720
BB351*	2500	TTV2021	4000	21	Honda 13HP	1450	90	950x700x720
BB400*	4000	TTV4040	6400	15	Honda 13HP	1725	90	700x950x700
BB ULTRA	4000	KTV3021	6400	21	Honda 20HP electric start	1450	110	950x730x950
PREDATOR PLUS	5000	HDS5057	8500	21	Honda 24HP	1725	120	1000x840x970
PREDATOR PLUS	5000	HDS5057	8500	21	Vanguard 27HP electric start	1725	120	1000x840x970
PYTHON PC	4300	RAS4482	6785	30	Vanguard 31HP electric start	1725	160	900x1100x1200
RAPTOR	7300	GHC12/50S	12000	12	Honda 24HP electric start	1450	125	TBA
RAPTOR	7300	GHC16/50S	12000	16	Vanguard 31HP electric start	1450	165	TBA

*Also available in electric start version

NB: EWP figures theoretical only

Features

- "Big Berty" Bertolini nickel-plated pump head with stainless steel valves, ceramic pistons, double seal system and oversized straight roller bearings
 - Heavy duty galvanised frame with anti-vibration dampeners and big 10" pneumatic steel wheels and tyres
 - Reliable, powerful engines from established manufacturers Honda & Briggs & Stratton
 - **ASP (Aussie Safety Protection)** kits including thermal dump valve and safety valve.
- *Exceeds Australian Standards***

Benefits

- Gives superior performance in the toughest conditions, designed for long continuous operation
- Made stronger, never rusts and easy to manoeuvre
- Established, widespread, service network and spares availability
- Protects operator & machine against excessive bypass & pressure spikes

Standard Accessories:

- Professional 5000psi rated gun
- stainless steel dual lance
- 10 metres double wire braid 3/8" hose with quick couplings

Standard Accessories with Raptor:

- 10 metres double wire braid 3/8" high pressure hose with quick screw coupling to pump,
- stainless steel single lance (quick screw coupling between hose and gun)

Optional Accessories:

- Sandblasting kit
- Acid injector
- Turbo master nozzle
- Drain cleaner
- Lance extensions
- Hose reel
- Super high pressure hose

Due to our program of continuous product development the manufacturer reserves the right to alter specifications without notice.
