Raptor 12

Raptor 16

Predator with optional stainless steel hose reel option

Industrial petrol and diesel powered hydro-blasters made for the toughest cleaning applications including paint stripping, rust removal and hydro demolition.

These specialist machines deliver up to 12,000 psi effective working pressure when used with turbos.

Applications:

- Contract cleaning
- Construction
- Mine site cleaning
- Graffiti removal
- Machinery wash down
- Service station cleaning
- Off shore oil rig applications

Warranty:

- Three year warranty on Bertolini pump and gearbox ... conditions apply.
- Three year engine warranty on Honda, Vanguard & Kohler engines covered by engine manufacturers service agent.

Features:

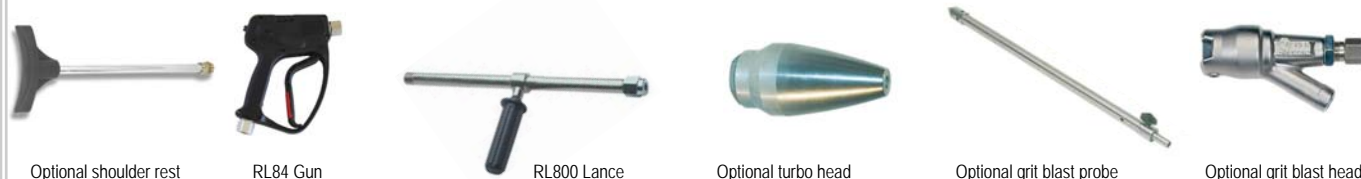

- Bertolini & Udor heavy duty pumps designed for long, continuous operation at extremely high pressures.
- Heavy duty galvanised frame with anti-vibration dampeners, big pneumatic tyres & steel wheels.
- Reliable, powerful engines from est. manufacturers (Honda & Vanguard, Hatz)
- ASP (Aussie Safety Protection) kits, includes thermal dump valve & safety valve. Serious gearbox drive provides OH&S safety benefits, minimal maintenance.

Benefits:

NB: EWP figures theoretical only when used with turbo lance

- » Gives superior performance in the toughest conditions, designed for long continuous operation.
- » Made stronger, never rusts and easy to fork lift or crane into any application.
- » National service network for support.
- » Protects operator & machine from pressure spikes and excessive by-pass operation.
