

AUSSIE ECO DIESEL DRIVE COLD WATER BLASTERS

Model Numbers: **AB20YD** **PREDATOR HDE**
BB350 YDE **PREDATOR PLUS HDE**
BB400 HDE **RAPTOR HDE**
BB ULTRA HDE **PYTHON HDE**

Product Description:

Professional diesel powered high pressure cleaning machines made for tough Australian cleaning applications. This range of diesel powered heavy duty, high pressure cleaning machines has been designed for performance, longevity and economy.

Applications:

Heavy duty cleaning applications such as;

- Machinery wash down
- Mine site cleaning
- Service station cleaning
- Off shore oil rig applications
- Refinery shut down cleaning

Specifications:

Model shown: BB350 YDE

Model	Pump Pressure	EWP Pressure with turbo lance	Flow rate (lpm)	Pump Model	Engine/Motor	Pump rpm	Weight (kg)	Dimensions (mm)
AB20YD	2000	3400	12	WSG899	Yanmar 4.8HP	3450	70	TBA

PYTHON HDE	4300	6785	31	RAS4482	Hatz 31HP	1725	TBA	TBA

All units feature electric key start

NB: EWP figures theoretical only

Features:

- Big Berty pump with nickel plated pump head, stainless steel valves, double seal system, ceramic pistons and oversized roller bearings
- Heavy duty galvanised roll frame with anti-vibration dampeners and big steel pneumatic wheels
- Reliable diesel engines from established manufacturers Yanmar, Kubota, Hatz. (two year engine warranty on Kubota & Hatz, three year engine warranty on Yanmar)
- Heavy duty gearbox
- **ASP (Aussie Safety Protection) kits including thermal dump valve and safety valve.**
Exceeds Australian Standards

Standard Accessories:

- Professional rated gun
- stainless steel dual lance (single lance on Raptor & Python)
- 10 metres double wire braid 3/8" hose

Standard Accessories with Raptor:

- 10 metres double wire braid 3/8" high pressure hose with quick screw coupling to pump,
- stainless steel single lance (quick screw coupling between hose and gun)

Benefits:

- Gives superior performance in the toughest conditions. Designed for long continuous operation
- Made stronger, never rusts and easy to fork lift or crane into any application
- National service network for support
- Minimal maintenance and safer than belt drive
- Protects operator & machine against excessive bypass & pressure spikes.

Optional Accessories:

- Sandblast kit
- Acid injector
- Turbo nozzle and lance
- Drain cleaner
- Lance extensions
- Hose reel

Raptor HDE
