 HSC40005DBF
 HSC50005D

HSC40006HB

Self contained steam pressure washers designed for use in the harshest environments. These units have been engineered for performance, durability and corrosion resistance. No outside power required, can be used in totally remote location - Just add water.

Aussie Hydrotek steamers are powerful and efficient cleaning systems for professionals that need high water flow and pressure with the added value of heat. Diesel fired burners and either petrol or diesel engines to drive the triplex high pressure pumps.

Applications:

Heavy duty cleaning applications such as:

- Mine site and plant cleaning
- Big plant maintenance
- Marine anti-fouling
- Graffiti removal
- Grease and oil removal
- Grease pipe cleaning
- Livestock clean up
- Sanitising equipment
- Weed eradication without chemicals

Features:

- Heavy duty triplex pumps with brass pump head, stainless steel valves & solid ceramic pistons
- Adjustable temperature up to 130°C
- Diesel fired burner
- Water tight electrical box
- Robust "pro-TECT" steel frame with built-in lifting eyes for transporting
- ASP (Aussie Safety Protection) kit including safety relief valve and safety burst disc
- Heavy duty battery in closed box
- Stainless steel panels
- Diesel powered versions
- 12v low voltage burner system on HSS series
- 110v burner with onboard generator for HSC series
- *Two gun operation available on HSC40006HB/VB & AF versions

Benefits:

- › Provides superior performance with a longer running life
- › Steam melts grease without the need for chemicals
- › No outside power source required, not suitable for use in enclosed areas
- › Provides protection in damp marine environments
- › Rugged protective frame that allows easy service and mobility (wheel kits also available)
- › Eliminates pressure spikes and gun recoil for increased safety and reliability
- › Battery protected from moisture and dust
- › Protect unit and offer lifetime corrosion resistance
- › Perfect for mine site work, offshore rigs, oil refineries
- › Safer working voltage, gives continuous hot water
- › Ability to run additional equipment like vacuum recovery unit
- › Allows for two man operation simultaneously, (reduces flow to 10 lpm per gun)
