

Self contained, trailer mounted, hot-water pressure washer with built in recovery unit, filters and tank. These units combine the cleaning power of high pressure and steam with a vacuum filtration system that collects the waste water, preventing it from entering storm drains. Waste water is filtered through 7 stages and returned to the supply tank for reuse.

Aussie Hydrotek steam cleaners are powerful and efficient cleaning systems for professionals that need high water flow and pressure with the added value of heat. Diesel fired burners and either petrol or diesel engines to run the pumps.

**Applications:**

Heavy duty cleaning applications such as:

- Cleaning & sanitising amenities
- Graffiti removal
- Grease and oil removal
- Mine site cleaning
- Big plant maintenance
- Marine anti-fouling
- Construction site wash down
- Grease and oil removal
- Grease pipe cleaning
- Piggeries and dairies

**Specifications:**

Model	Pump Pressure (psi)	EWP Pressure with turbo lance (psi)	Flow rate (lpm)	Engine	Pump rpm	Dry Weight (kg)	Dimensions (m) l x w x h
HSC40006HBJAWVR	4000	6485	21	Honda Petrol 24HP	1450	800	4m x 2.3m x 1.7m
HSC4006D12JAWVR	4000	6485	21	Kubota Diesel 17HP	1450	850	4m x 2.3m x 1.7m

**Features:**

- Heavy duty Triplex pump with brass pump head, stainless steel valves, and solid ceramic pistons
- Adjustable temperature up to 130°C
- Diesel fired burner
- Robust “pro-TECT” steel frame
- ASP (Aussie Safety Protection) kit including safety relief valve and safety burst disc
- Heavy duty battery in closed box
- Vacuum filtration system with two stage motor, and two replaceable cartridge filters
- 800 litre poly impact resistant water tank with position locking lid and water filter
- Double axle trailer with swivel jockey wheel and spare (registration approval pending)
- Two hose reels; one Aussie Reel Quick reel with 30m of high pressure hose and the other a galvanised hose reel with 33 metres of low pressure garden hose.
- Option of two gun operation (reduces flow to 10 lpm per gun)

**Benefits:**

- › Provides superior performance with a longer running life
- › Steam melts grease without the need for chemicals
- › No outside power source required
- › Rugged protective frame that allows easy service
- › Eliminates pressure spikes and gun recoil for increased safety and reliability
- › Battery protected from moisture and dust
- › Recovers waste water and filters it through 7 stages before storing it for safe disposal or re-use
- › Unit recycles it’s water supply and protects environment from waste water runoff.
- › Ease of mobility
- › User convenience and extends life of hoses
- › Allows for two man operation simultaneously

NB: EWP figures theoretical only

**Standard Accessories:**

- Heavy duty 4000 psi rated hand gun
- Stainless steel 1200mm single lance
- Q-Tip “Snap-On” nozzle kit (featuring 0°, 15°, 25°, 40° and detergent tips)
- 22” heavy duty Twister rotary floor cleaner
- Inlet 1½” 60 micron mesh strainer with bleed valve
- 1.8m rubber, sand filled boom
- 3m sand dam tubes, sand not included
- 50mm x 15m spiral vacuum hose with scupper attachment
- Strainer bag
