AUSSIE QUIK PRIME MINE SPEC FIRE FIGHTING PUMPS

Features

- Five year pump warranty
- Fast self priming from 7.6 metres
- Replaceable flanged suction port cover and discharge elbow
- Yanmar diesel engines (two year engine warranty) with electric start
- Replaceable three way outlet (optional 2" or 3" outlet available to maximise performance)
- Replaceable big 2 inch inlet
- Big belly body
- Big drain port
- Single piece closed impellers
- Marine grade aluminium body
- Replaceable flanged suction port
- Super robust gal steel frame with balanced lifting bar

Benefits

- » Great quality ... use with confidence
- » Primes first time, every time
- » Easily replaced if thread damaged, easy to service check valve without dismantling pump
- » Tried and proven with established service networks throughout the world
- » Enables choice of plumbing sizes from 1" to 3"
- » Lets more water into the pump, easy access to check valve
- » Larger water passages mean more water efficiency, lower fuel costs
- » Fast, easy pump draining
- » Creates exceptional pump performance
- » Corrosion resistant, long life
- » Easily replaced if thread damaged, easy to service check valve without dismantling pump
- » Protects pump, facilitates transport on site

QP205SE/L48 Mine Spec

Applications:

- Fire fighting, mop up & general fire protection
- High pressure water transfer
- Spray irrigation
- Diesel fuel transfer
- High pressure spraying
- Boom spraying
- Machinery wash down

Aussie Mine Spec Safety Features

- **Emergency stop button** » Easy to access for an emergency shutdown of the engine
- **Heavy duty dry cell battery with lockable battery isolation switch** » Prevents accidental starting of pump
- **Hi vis tape** » Improved safety in low light
- **Fire extinguisher fitted to frame**

Specifications

Model	Stock code	Yanmar Diesel		Max Head (m)	Max Flow (lpm)	Suction port	Discharge port	Self primes to (m)
		Model	HP					
Fire Chief MS (QP205SE)	QP205SE/L48EMS2	L48E	4.8	60	400	2"	2 x 1", 1 x 1½"	7.6
Mr T Twin impeller MS (QPT-205SLT)	QPT205SLT/L100M	L100E	10	90	450	2"	2 x 1", 1 x 1½"	7.6

AUSSIE QUIK PRIME MINE SPEC FIRE FIGHTING PUMPS

Construction:

Front case	Marine grade aluminium
Volute	Marine grade aluminium
Back plate	Marine grade aluminium
Mechanical seal	Carbon/ceramic
Outlet	Marine grade aluminium
Casing bolts	Zinc plated steel
Check valve	Nitrile rubber
Priming & drain plugs	Polycarbonate
Casing, priming & drain plug o-rings	Nitrile rubber
Finish	Brushed aluminium
Impeller	Marine grade aluminium, closed type

Dimensions:

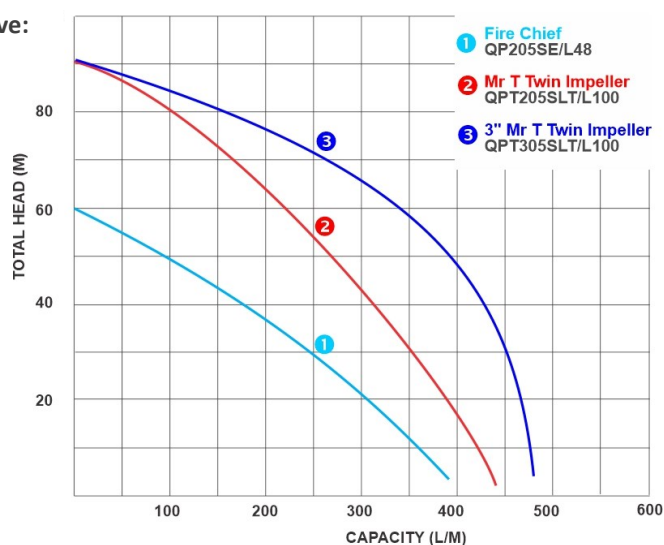

Model	Engine	Width (mm)	Height (mm)	Length (mm)	Weight (kg)
Fire Chief QP205SE	L48E	600	680	660	55
Mr T Twin Impeller QPT205SLT & QP305SLT	L100E	810	605	870	115

QPT305SLT/L100M

Performance Curve:

Golden Rule
Operate pump at the best efficiency point ...
85% of max pump head

Optional Accessories:

- Heavy duty suction hose
- Fire fighting hose kits including deluxe hose kit with two 20 metre delivery hoses and fire fighting nozzles
- Storz or Camlock fittings
- Coupling Kit
- Strainer
