

AUSSIE QUIK PRIME MINE SPEC HIGH PRESSURE GUSHERS

3" and 4" pumps with high pressure, high flow characteristics.

Pumps offer flows of up to 1,250 litres per minute, and heads of up to 70 metres. This series offers exceptional priming characteristics with the ability to draught water from 8 metres.

Features

- Five year pump warranty
- Big closed single piece impeller
- Marine grade aluminium body
- Replaceable flanged suction port
- Super robust gal steel frame with balanced lifting bar
- Yanmar diesel engines (two year engine warranty) with electric start
- Coupling and strainer kit included as standard options

Aussie Mine Spec Safety Features

- Emergency stop button
- Heavy duty dry cell battery with lockable battery isolation switch
- Fire extinguisher fitted to frame

Mine spec configuration gives these pumps a super robust gal frame with lifting point as well as additional safety features.

Computer generated hydraulic design delivers superb fuel efficient performance through big single closed style impellers capable of handling small solids in suspension.

Benefits

- ⇒ Great quality ... use with confidence
- ⇒ Creates exceptional pump performance
- ⇒ Corrosion resistant, long life
- ⇒ Easily replaced if thread damaged, easy to service check valve without dismantling pump
- ⇒ Protects pump, facilitates transport on site
- ⇒ Tried and proven with established service networks throughout the world
- ⇒ Prevents oversized material entering pump

Five Year Warranty:

Aussie Quik Prime pumps carry a unique pump end five year warranty. The products are guaranteed to be free of faulty workmanship or material for a period of 5 years.

Only top quality genuine engines by reputable manufacturers are used. A two year engine warranty applies, administered by the engine manufacturer or it's duly appointed service agent.

Due to our program of continuous product development the manufacturer reserves the right to alter specifications without notice.

AUSSIE QUIK PRIME

MINE SPEC HIGH PRESSURE GUSHERS

Construction:

Front case	Marine grade aluminium
Volute	Marine grade aluminium
Back plate	Marine grade aluminium
Mechanical seal	Carbon/ceramic
Outlet	Marine grade aluminium
Casing bolts	Zinc plated steel
Check valve	Nitrile rubber
Priming & drain plugs	Polycarbonate
Casing, priming & drain plug o-rings	Nitrile rubber
Finish	Brushed aluminium
Impeller	Marine grade aluminium, closed type

Dimensions:

Model	Engine	A Width (mm)	B Height (mm)	C Length (mm)	Weight (kg)
